NEW EARLY BLOOMING

The improved Red Parrot Iolanthe, New Early Blooming Youth, is much harder and longer lasting than Red Iolanthe. It first buds and flowers each spring with shiny broad leaves and masses of flowers. It deserves the title page of our catalog.

Greetings from the City of Tulips

The 1954 Festival dates for "Tulip Time" are set for May 12th to 15th.

Our Tulips bloom during the month of May. If you wish to see the largest number of Tulips in bloom, please be guided by your local weather conditions; depending on whether the season is late or early. If in doubt, we shall be glad to advise you, if you write to us requesting this information.

HOLLAND, MICHIGAN

April 1954

Dear Customer:

25 years ago the first "Tulip Time" in Holland, Michigan, was held. The Nelis Nurseries played an important part during that first celebration, it was the only Nursery at that time where thousands of Tulips in full bloom could be viewed. And now, after 25 years we again extend our hand to welcome our visitors and view the ever increasing and ever changing collection of Tulips; probably the finest collection in the country, where hundreds of varieties have been kept and are listed in our catalog.

Over 400 varieties will again be on display in our field and may be seen by everyone during the month of May. Some of these varieties were first seen by the public in the 1953 International Flower Show in the Netherlands, and are complete novelties to the American public. We hope we may have the pleasure of showing them to you during the month of May, 1954, the Silver Anniversary of Tulip Time.

We also wish to thank all of you for your patronage which has made it possible for us to stay in this interesting business and we hope we may continue to please you with our ever-improving varieties of plants and bulbs.

Very truly yours,
NELIS NURSERIES, INC.

GUARANTEE

Except where clearly stated otherwise in this catalog, we unconditionally guarantee every bulb we ship out to be strictly top size, and to be absolutely true to name. All bulbs shipped by us will grow and bloom under ordinary conditions. We have, however, no control over unfavorable weather or soil conditions, improper planting, neglect, moles or mice, and therefore cannot assume responsibility after they reach you. Stock not reaching you in first class condition should be reported within 10 days after receipt, and will be replaced free of charge if so received. After ten days it is mutually agreed that stock is satisfactory. Do not return bulbs or plants unless so instructed by us.

The constant interbreeding of Darwin, Cottage and Breeder Tulips has made the classification of each variety so confusing that we are listing them all in one category, called May-flowering. Since the modern Giant May-flowering Tulips contain the blood of all the three preceding crosses in unknown proportions, it seems scientifically meaningless to use the old classifications.

The term May-flowering is based on our Michigan climate, in southern locations the blooming time will be earlier. In our 1954 listing we eliminated varieties which we consider to be surpassed by later introductions.

We have been able to add many new and outstanding varieties to our list of Lily-flowering Tulips, which, in our opinion are the most graceful of all Tulip species. Many of these novelties are not yet offered in any retail catalog. The supply is still short, but for beauty we recommend them highly and know you will like them too.

These Tulips greatly resemble colored Lilies and have a most beautiful and unusual effect both in the garden and for cut-flower arrangements.

CARLTON. (Long-cupped.) A handsome variety that is destined to become very popular when widely known. Broad, overlapping perianth, with a large expanded cup frilled at the brim, the entire flower of a uniform soft yellow. A magnificent plant of great vigor, very free blooming, early and of long lasting qualities. Excellent for exhibition. This variety received an Award of Merit. E. \$0.55 \$1.80 \$12.50

CHEERFULNESS. (Double Poetaz.) A double form of the famous cluster-flowering Daffodil, creamy white in color. Splendid for garden; late blooming and very fragrant. Received an Award of Merit. Frequently called the "Gardenia" Daffodil. L.55 1.80 12.50

DAISY SCHAEFFER. (Long-cupped.) One of the best of the remarkable new long-cupped type. The flower is 4½ inches across with cup of nearly 2 inches. Resembles a giant Trumpet, but much more graceful in form. Pure white perianth with cup opening primrose, turning to light canary-yellow with a greenish overcast at the base. Long lemon-yellow stigma and styles add to the color harmony of this flower, which has captured an Award of Merit and several First Class Certificates. ML. 1.00 3.25 22.50

Newest Narcissi

These latest novelties in Narcissi have been tried and tested by us and found superior in every respect. All of them are outstanding in beauty and growing performance. Available only in limited quantities.

Per 3 Doz.

FRA ANGELICO. (Short-cupped.) Perianth is light yellow, well formed and overlapping. The flaring and ruffled cup is at least 2 inches across, flame-red, the color extending clear down to the orange throat. Well recommended \$0.90 \$3.00

HARRY. (Short-cupped.) Pure white perianth of outstanding proportions. The orange cup is very ruffled, especially at the edges. This is a very fine variety with spicy fragrance90 3.00

L'ARGENTINE. (Short-cupped.) Pure white, perfectly star-shaped perianth. Large ruffled cup with obvious stripes, white and yellow, very unusual novelty 1.50 4.75

MRS. WM. COPELAND. (Double.) Very large and pure white perianth. The cup segments are of a creamy tint which fades into white. A splendid flower and good increaser. Fragrant90 3.00

NELIS FAVORITE. (Short-cupped.) One of our own seedlings, introduced 1952. Large, ruffled perianth of cream-yellow. The ruffled orange cup is interspersed with golden yellow tips. A most interesting novelty 1.35 4.50

Per 3 Doz.

PAPILLON BLANCHE. (Short-cupped.) Large, well proportioned and full perianth of veined, creamy white. The open cup consists of six creamy white petals which overlap slightly and are lemon-yellow at the tip, blending to a deep green at the base. A flower of unusual beauty which never fails to draw attention. Still very scarce135	\$4.50

GOLDEN CASTLE

(Double Trumpet)

A beautiful, all golden yellow Double Trumpet, which is as double as a Rosebud, and enhanced besides by many shorter, odd sized petals, some of them in the shape of tiny Chinese umbrellas. The fullness of the delightfully fragrant flower, together with its lovely color of pure gold, make us proud to offer it to you. Our customers who ordered Golden Castle last year, have written us many enthused letters and acknowledged the fact that this flower performed beyond expectation. The illustration is not quite doing justice to the original, as it does not show the long definite trumpet shape in favor of showing the inside of the ruffled center. Each \$1.75; \$5.00 per 3; \$17.50 per doz.

Daffodils

FOR NATURALIZING

Suitable for Garden Display,
Woodland Planting or Cutting

Practically any soil has been found suitable, and they are grown equally well in the open air as among trees and in woodland. Contains a mixture of large Trumpets, Short-Cupped, and Poeticus types, a mixture that cannot be equalled for value and worth much more than we charge for them. Plant at least 8 inches deep, but avoid places where water may collect at any time, as they like drainage.

Try to plant before October 15th, or shortly thereafter, and place your order early, as the demand is increasing for these bulbs at this special low price which we have adopted. We cannot take orders for less than 50 bulbs. All blooming size bulbs.

NELIS SUPER QUALITY DAFFODIL MIXTURE

To those of you who are interested in immediate results in a much better than average mixture, we are pleased to offer our Nели Super-Quality Daffodil Mixture of super-quality bulbs. One of the most outstanding hybridizers of Daffodils is constantly supplying us with their entire crop of new hybrids, to which we have added the best of Yellow Trumpet and other high quality, standard named varieties. The result is an unsurpassable mixture of the widest possible range of color and blooming. Ideal for naturalizing where quality is desired and names are immaterial. All large, mature bulbs, which will give you a wealth of blooms at once, many producing as many as two or three flowers per bulb the first year after planting.

Gorgeous COLCHICUMS

Sensational Wonder Bulb

The only bulbs that will bloom indoors without soil, without water, without care

Place it, just as it is, on the mantel, window ledge or table and with no further attention on your part, it will reward you with its exquisitely lovely blooms. Use these bulbs for gifts. The usefulness of the bulbs does not end after the blossoms fade. Plant them outdoors in the fall and in the spring luxuriant green foliage appears. When the foliage has died down, dig up the bulbs and the blooming will be repeated indoors.

Squamigera

(Hardy Amaryllis Hallii)

Produces attractive green foliage which grows from early spring until July, when it ripens and disappears. About a month later, as if by magic, the flower stalk springs from the ground to a height of 2 to 3 feet, developing an umbel of large Lily-shaped flowers, 8 to 12 in number, of a delicate lilac-pink shade. The bulb is perfectly hardy. In planting, cover crown about 4 inches with soil.

IRIS SHILKA (Vesper Iris)

The graceful filigree of the branches of these Vesper Iris is studded with from one to two hundred jewel-like flowers, truly a mammoth bouquet. The delicately colored blossoms, which at a distance resemble a multitude of gorgeous butterflies at rest with motionless outstretched wings, vary in color, including such hues as translucent lavender with markings of mahogany, lemon, copper and orange-brown. The Shilka Iris, which are exceedingly easy to grow, bloom for a month during July and August when flowers are scarce. Vesper Iris resist both severe cold and intense heat with impunity. Be the first in your locality to grow this unique Iris. \$1.95 per 5; \$3.50 per 10.

ENGLISH IRIS

(Bulbous)

This magnificent mixture of bulbous English Iris has been developed at our nurseries, and contains all the choicest varieties which can possibly be had in these fine Iris. The English Iris are a bulbous Iris which bloom in our latitude about the early part of July, and come after all other bulbous Iris. They should be planted as soon after receiving them as possible for best results. They prefer the more moist and heavier soils, and should have good drainage. The blooms of the English Iris are considered to be the finest of any in the Iris class, and each individual bloom is strikingly beautiful and as cut flowers they are unsurpassed. We are offering them in a fine mixture of colors. \$1.65 per doz.; \$12.00 per 100.

English Iris

IRIS RETICULATA

(Bulbous)

This lovely species is one of the treasures of the garden or rock garden. It can be described as a small form of the Dutch Iris, or Spanish Iris. Its main value lies in the fact that it can be forced into bloom in the house with the greatest ease. Six or eight bulbs put into a 4- to 5-inch pot when received will bloom about Christmas time. The fragrant blooms remind one of a bunch of fresh Violets. Perfectly hardy with reasonable protection. It is one of the loveliest early flowering bulbs for the rockery. \$1.00 per doz.; \$7.25 per 100.

Our Customers Write Us

I wanted to write and tell you how pleased I have been with my bulbs. I send occasionally to another company and I notice that their catalog undercuts your prices on about everything, but your bulbs are so much nicer and larger than theirs, that it's well worth the difference. Thanks again; a very satisfied customer.

Mrs. Fred Linken
Anna, Ohio

Everyone who saw my Tulips this spring would not stop talking about them, the flowers were just out of this world. When people saw my Double Tulips, they wanted to know how I raised such lovely Peonies so early in the season, as that is what they look like.

Mrs. Chas. F. Steinmetz
Indianapolis, Ind.

Last year I sent some of your Tulips to friends in Kentucky, Illinois, North Carolina, South Carolina and New Jersey. All reported exceptionally fine results; all used normal fall planting.

Mr. C. E. Wilkins
Indianapolis, Ind.

You should see my lovely garden; you have such nice bulbs and I have always been so pleased with each order I have placed with you.

Mrs. Agnes Jones
